

Applicant submits payment enclosed according to fee code 2453 for revival of an unintentionally abandoned application.

Section 2. Amendments to the Claims

Kindly amend the claims as shown immediately following.

In the Claims

1. (Currently amended) A Cat Toy comprising:

a fishing reel and rod type assembly including a reel, a rod, and a handle;

a hollow mouse shaped housing;

a tether that connects said mouse housing with said reel;

said handle being hollow and containing a battery power source

and ~~a gear reduced~~ an electric motor coupled to a gear reduction assembly, ~~who's~~ the output shaft of said assembly being is connected to said ~~real~~ reel so that when a person presses a switch on top of said handle, said tether is wound onto said reel;

said hollow mouse body containing an electric motor having an off set weight attached to its shaft, an audio circuit and speaker and a motion switch so that when a cat moves said mouse, said mouse vibrates and makes a noise; and

said hollow mouse body containing a recessed portion and closure for said recessed portion that allows the user to insert cat nip or ~~the like~~ other cat attractant.

2. (Currently amended) A Cat Toy as claimed in claim 1 wherein the final gear of said gear

reduction assembly ~~said~~ is slidably engaged with said reel shaft so that a person can push on said reel shaft to slip it away from said gear reduction assembly thereby allowing the user to freely cast out said tether and attached mouse.
